(54) Title: **HERNIA PROSTHESIS**

(57) Abstract: A prosthesis is provided for repairing or resisting the formation of bodily hernia in particular, for inguinal hernia repair or femoral hernia repair. The prosthesis comprises an inner surface (12) and an outer surface (15), the inner surface forms at least one channel that is sized to receive an anatomical structure and allow it to pass through the prosthesis without substantial compression of the anatomical structure.
